SUMMARY

Proficient Full Stack Developer skilled in creating scalable web applications with **Angular**, **Spring Boot**, and **Node.js**, ensuring effective integration of front-end and back-end systems.

EXPERIENCE

Full Stack Developer

Mphasis

July 2024 – Present, Bangalore, India

- Engineered responsive web applications using **Angular**, enhancing user interaction and engagement.
- Integrated **Spring Boot** to optimize backend services and improve system efficiency and reliability.
- Utilized **JSP** for server-side rendering, improving front-end and back-end interaction.
- Administered database operations with **MySQL**, focusing on schema optimization and query performance.
- Led the development of the **E-Medicare enterprise web page**, integrating secure authentication and patient management systems for optimized healthcare workflows.

Project: E-Medicare Enterprise Web Page

- Applied **Angular** for front-end development and **Spring Boot** for scalable back-end services, ensuring reliable data flow and effective persistence across the application.

Full Stack Developer

Fidelity Investments

October 2023 – June 2024, Bangalore, India

- Developed robust UI applications using **JavaScript**, **Angular**, **HTML**, and **CSS**, improving overall user experience.
- Conducted comprehensive API testing with **Postman**, ensuring efficient data flow and system integration.
- Collaborated with cross-functional teams to deliver user-centric features, streamlining workflows and enhancing delivery efficiency.
- Built modular **React** components, optimizing grid systems with advanced functionalities such as sorting and filtering.
- Developed scalable **RESTful APIs** using **Node.js**, improving backend performance.
- Managed and optimized **MySQL** databases, focusing on efficient schema design and query optimization.

Project: Architecture Review Board (ARB)

- Developed a platform for architecture review scheduling, streamlining logistics and participant management while documenting key discussions to enhance follow-up and project alignment.
- Established clear communication channels to foster cross-functional collaboration and improve project outcomes.

CERTIFICATIONS

- **Angular - The Complete Guide(2024 Edition)** – Udemy
- **Master Microservices with Spring Boot and Junit Testing** – Udemy
- **Internet Of Things** – Cisco Networking Academy

SKILLS

Programming Languages: Java, JavaScript

Core Concepts: OOP, RESTful APIs, Microservices

Web Technologies: Angular, React, JSP, HTML, CSS, Bootstrap

Backend Technologies: Spring Boot, Node.js

Database Management: MySQL, JDBC, Hibernate

Testing Tools: JUnit, Postman

Tools: Git, GitHub Desktop, Swagger, Spring Tools Suite, VSCode, Eclipse

EDUCATION

Bachelor of Engineering in Electronics and Communication

K.S. Rangasamy College of Technology, Tiruchengode, Tamil Nadu

GPA: 8.19/10

2022
